Homework Assignments – Various labs assigned from the course text.

Workout Design – Submit a complete workout for an indoor cycling session (details will be given in a handout nearer the time).

Fitness Improvement – Show improvement on a standardized fitness test (the multistage shuttle run) from beginning to end of semester.

***All assignments must be handed in on the due date. All tests must be taken on the day that the test is scheduled. LATE ASSIGNMENTS WILL NOT BE ACCEPTED AND TESTS THAT ARE NOT TAKEN ON TEST DAY WILL NOT BE MADE-UP. If you are going to be absent on assignment due dates or test days, it is your responsibility to make arrangements with me before the day that will be missed.

Class Participation and Contribution:

- To pass this course you must actively participate and contribute during each class meeting. Missing more than THREE classes will result in a 5-point reduction in your grade per additional absence. If you believe you have justification for an absence to be excluded you must discuss this with me in person.
- If you miss three consecutive classes it is my responsibility to report you to the Director of Academic Services
- I will take attendance at the beginning of class. You are expected to be on your bike ready to participate at the start of class time. Lateness will not be tolerated. Three late arrivals (not in class within 5 min of the start time) will be equivalent to one absence.
- Come to class!! Even if you do not feel well enough to participate there are other ways you can contribute so that your grade will not be penalized – bring your text.
- There will be NO MAKE UPS for written work or skills tests unless you have medical documentation or you make prior arrangements with me regarding an exceptional circumstance.

Dress Code:
On activity days you must come to class dressed appropriately for physical activity, i.e. sweatpants/shorts, a t-shirt, and running shoes. No jeans or street shoes. You will not be allowed to participate if you are dressed inappropriately. As a college student, you are
reasonably for presenting yourself in a professional manner. Cell phones and beepers must be switched OFF during class.

**Reasonable accommodation for students with disabilities:**

If you have a disability that may require assistance or accommodation, or you have questions related to any accommodations for testing, note takers, readers, physical activity, etc. please speak with me as soon as possible. Students may also contact the Office of Disability Services (404-727-6016) with questions about such services. **It is the students responsibility to initiate considerations, all students must self-disclose to ODS and complete the registration process.** Students with identified or suspected writing disabilities of any kind should contact the Writing Center located in Language Hall (770-784-4722).

**Reminder:** Physical activities for this class may include vigorous movement. If you have any medical condition or physical problems that prevent you from full participation in such activity, it is your responsibility to inform me and provide documentation from your physician stating 1) the medical condition, 2) limitations of the condition, and 3) recommendations that would help you meet the requirements of the course.

**The Oxford College Student Honor Code**

I expect that you will have read the Honor Code and that you will abide by its dictates. Whenever you take a written test or skills test for this class you are under dictates of the Honor Code. Please see [http://www.college.emory.edu/students/honor.html](http://www.college.emory.edu/students/honor.html)

**Grade Appeal Process**

If you wish to contest the final grade you receive in this class you are to put your request to me in writing within 5 days of final grades being posted. Your request must address the specific reasons as to why I should re-examine your grade. I will not respond to informal e-mail messages or appeals submitted after the 5 day deadline.
